

12/11/03 EOB Meeting

* See Ken Johnson re. 43 for vib. issue.

* Ask for better copy of Harkets R_x diagram

MNO - 43 C14 RFO Summer 2006
grid reliable prob. due to limits of tie breakers.
looking @ repl of tie blues and
RFO Exch. agree. - Never used before.
want to make a dec'n on which way to go
before Jan BOR mtg for appl of 5 yr outage plan.

Goettel - will file 2006 GR next summer
covering 2006-2008.
∴ 5 yr Capital P/C is "robust."

MNO - unlikely to get BOR appl of Capital budget w/ SR &
Marc G. - maybe a way to approve only early months
M. Frayer - same for Anaheim.
Marc G - Not planning to file in December.
wants to reach agree. w/ co-owners.
- OpImp issue is tied up in legal.

Indep Alliance (USA alliance)

Alliance of single-site operators.
EE will join for 2004 (ann. renewal) 135K\$ cost
can share outage resources, etc.

HP alone can save \$125K +/- in 2004.
